Schulich Leader Scholarship – Lasya Vankayala

by H U N T E R L E B L A N C
on A P R I L 27, 2016

Nilson & Company / AFT Trivest would like to congratulate Lasya Vankayala on winning the 2016 Schulich Leadership Science award on behalf of UBC. Lasya is the daughter of our client's, Vidyas & Himabi Vankalaya.

The Schulich Leader Scholarships are awarded annually to 50 students across the country, 25 in Engineering, and 25 in Science, Technology, or Math. The program was launched in 2012 by philanthropist Seymour Schulich, seeking to recognize the top high school students across the country who are planning on attending post-secondary education. Twenty partner universities across the country are eligible to provide two scholarships annually, one in engineering, and one in science, math, or tech. In addition, the five universities that attract the most Nominee applications are granted two additional scholarships. For more information on the program check out the Schulich Leader Scholarship website [Here](#).

An impressive accomplishment and one that we are sure the Vankalaya's are very proud of. Well done!
