#### CHHS 2018 Grad Wins Schulich Leader Scholarship!

Posted on 05/13/2018

Congratulations to CHHS 2018 Grad, Anoushka Gaekwad, for winning a Schulich Leader Scholarship at the University of Alberta. Launched in 2012, the Schulich Leader Scholarships is a \$100 million program funding 50 undergraduate scholarships each year across top Canadian

universities. It helps the most promising students pursue their dreams and become the next global pioneers in science, technology, engineering and mathematics.

Of 1,500 nominees from across Canada, Anoushka is one of the 50 recipients, and one of only two scholarships awarded for the U of A.

This award is a huge honour and provides a life-changing opportunity for Anoushka. Anoushka is now part of an esteemed network of national STEM scholars at some of Canada's leading universities. Congratulations Anoushka! We wish you much success in your studies and future career.
