## Mississauga teen receives \$60K Schulich Leader Scholarship

Mississauga News

MISSISSAUGA— Father Michael Goetz Secondary School graduate Julia Won is among the select group of promising students in Canada to receive a Schulich Leader Scholarship this year.

The \$60,000 award is one of 25 presented to students studying science, technology or math at one of the top participating partner Canadian universities.

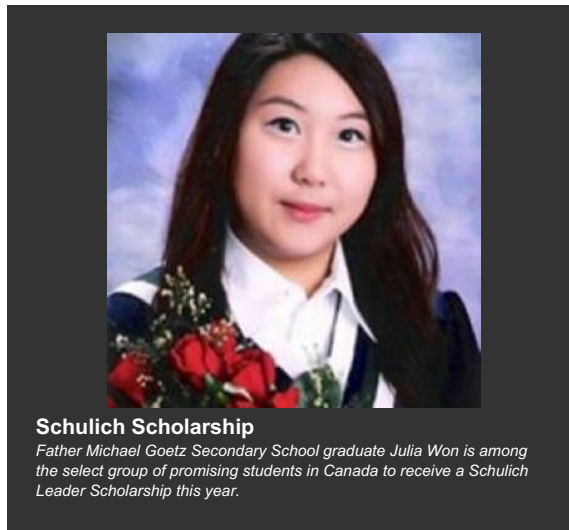

Won is planning to pursue a life sciences degree at the University of Toronto.

Founded by philanthropist Seymour Schulich and launched in 2012, the \$100 million scholarship fund provides 50 undergraduate scholarships each year for some of the nation's top students to pursue educations in the science, technology, engineering and math (STEM) fields.

Twenty-five of those scholarships, valued at \$80,000 each, are designated for students pursuing an engineering degree.

Schulich Leader Scholarships are open to all of Canadian citizens or permanent residents graduating from a Canadian high school.

Students are selected by the universities based on academic excellence, outstanding community, business or entrepreneurial leadership and financial need. There were 1,250 nominees this year.
